

**AMCP's 21st ANNUAL MEETING & SHOWCASE
ACCREDITATION STATEMENT AND MISSION STATEMENT OF QUALITY
EDUCATION**

The Academy of Managed Care Pharmacy is accredited by the Accreditation Council for Pharmacy Education (ACPE) as a provider of continuing pharmacy education. Individuals may obtain up to 10.0 contact hours of credit (excluding satellite symposia) or .10 Continuing Education Units (CEUs) during AMCP's 21st Annual Meeting & Showcase.

Postgraduate Institute
for Medicine

This Activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through joint sponsorship of Postgraduate Institute for Medicine (PIM) and the Academy of Managed Care Pharmacy. PIM is accredited by the ACCME to provide continuing medical education for physicians.

Postgraduate Institute for Medicine designates this educational activity for maximum of 10.0 *AMA PRA category I credits*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Attendees will be able to submit for their CE and CME certificates online via AMCP's website and download a certificate as proof of attendance during and after the conference has concluded. A certificate cannot be printed onsite. All CE and CME certified activities have been brought to you by AMCP and are free of any commercial product endorsement.

AUDIENCE

Health care professionals interested in, or who practice in managed care, those who want to increase their knowledge of managing and coordinating pharmaceutical care programs and those responsible for optimizing patient care and satisfaction with managed care.

LEARNING OBJECTIVES

By attending continuing educational programming at AMCP's 21st Annual Meeting & Showcase, you should be able to:

- Discuss emerging issues and trends in health care and managed care pharmacy
- Describe successful collaborative models and their role in improving medication compliance, patient care, and outcomes
- Employ new professional development tools in your career in managed care pharmacy
- Cite new programs for formulary design, quality initiatives, pharmacotherapies, medication therapy management, and disease management tools that will affect patient quality of life
- Identify and analyze new drugs, new classes of drugs, drugs for new indications, and the impact of new generic drug approvals that are currently moving down the pipeline
- Examine and discuss legislative and regulatory action influencing managed care pharmacy
- Discuss current requirements on various issues related to the Medicare Part D prescription drug benefit and its impact on managed care pharmacy
- Summarize recently approved specialty pharmaceuticals and outline considerations for drug therapy choices within therapeutic classes
- Discuss current trends in specialty pharmacy operations
- Review the incentives and outcomes of value based benefit design
- Apply concepts from round table discussion topics that affect the outcome of managed care pharmacy programs

Contact hours include all Managed Care Essentials, Contemporary Issues, Round Table Discussions, and the Friday General Session. Posters are not eligible for CE or CME. Your actual contact hours may vary depending on the number of sessions you attend.

AMERICANS WITH DISABILITIES ACT

AMCP and Postgraduate Institute for Medicine fully intend to comply with the legal requirements of the American with Disabilities Act. If any participant of this meeting is in need of accommodation, please do not hesitate to contact AMCP at (800) 827-2627 or visit the AMCP registration desk onsite at the meeting.

DISCLOSURE OF UNLABELED USE

This educational activity may contain discussion of published and/or investigational uses of agents that are not indicated by the FDA. Postgraduate Institute for Medicine (PIM) and AMCP do not recommend the use of any agent outside of the labeled indications.

The opinions expressed in the educational activity are those of the faculty and do not necessarily represent the views of PIM and AMCP. Please refer to the official prescribing information for each product for discussion of approved indications, contraindications, and warnings.

DISCLOSURE OF CONFLICTS OF INTEREST

Postgraduate Institute for Medicine (PIM) requires instructors, planners, managers and other individuals who are in a position to control the content of this activity to disclose any real or apparent conflict of interest they may have as related to the content of this activity. All identified conflicts of interest are thoroughly vetted by PIM for fair balance, scientific objectivity of studies mentioned in the materials or used as the basis for content, and appropriateness of patient care recommendations.

AMCP'S MISSION STATEMENT OF QUALITY EDUCATION

The Academy of Managed Care Pharmacy (AMCP) strives for the highest possible standards in its continuing educational resources and programs. AMCP endeavors to offer timely, practical, innovative, and visionary educational opportunities so that individuals will be knowledgeable in managed care pharmacy practices, equipped with the tools necessary for effective and informed decision making, and recognized as an integral member of the patient care delivery team.
