Mark Your Calendar for the AMCP Health Disparities Summit on June 9

To advance AMCP's work on addressing health disparities, AMCP will engage in a series of activities in 2022 that explore what managed care pharmacy can do to close medication gaps. In addition to a Partnership Forum and webinars, AMCP will host a summit that explores disease states that disproportionately impact communities of color and explore health inequity in the current drug development. The event is free to AMCP members. Stay tuned for registration information.
