AMCP Advocates on Behalf of Members With Letter to ACCME

AMCP recently shared our concern about the inclusion of pharmacy benefit management organizations in the list of ineligible entities, which generally disqualifies health professionals employed by these organizations from serving as faculty and planners for continuing education activities.

Upcoming Webinars

Attend a Pre-Approval Information Exchange (PIE) Webinar on April 28 or May 4

These webinars are only offered to payers, formulary committees, or other similar entities responsible for the selection of drugs for coverage or reimbursement.

- [April 28](#): **Loncastuximab Tesirine-Ipyl: An Investigational Therapy for the Treatment of Relapsed/Refractory Diffuse Large B-cell Lymphoma**

AMCP will host a PIE webinar sponsored, developed, and presented by ADC Therapeutics that will provide an overview of the unmet needs in DLBCL, the DLBCL patient journey, and the results of a Phase 2 clinical trial, including the efficacy and safety of loncastuximab tesirine-ipyil.

- [May 4](#): **Molluscum Contagiosum: A Viral Skin Disease**

This webinar sponsored, developed, and presented by Verrica Pharmaceuticals Inc. will discuss molluscum contagiosum, a highly contagious viral skin disease which primarily affects children. The webinar will also cover the typical clinical presentations, duration of symptoms when left untreated and why patients with atopic dermatitis are at a higher risk for developing molluscum.
