**PARTNERSHIP
FORUM**

Racial Health Disparities:
A Closer Look at Benefit
Design

MARCH 23-24, 2021 | VIRTUAL

BECOME A CORPORATE SPONSOR

Share Your Organization's Thought Leadership on Racial Health Disparities

Sponsor AMCP's Partnership Forum, "Racial Health Disparities: A Closer Look at Benefit Design," to help identify potential structural issues within the current formulary and benefit design processes that may lead to racial health disparities or inequality. Get your organization in front of valued industry leaders in managed care, integrated care, and the pharmaceutical industry. This invitation-only forum will be held virtually from March 23-24, 2021. Contact corporopportunities@amcp.org to become a sponsor.

Upcoming Webinars

Attend a Pre-Approval Information Exchange (PIE) Webinar on March 31

Paroxysmal nocturnal hemoglobinuria (PNH) is an acquired, rare, chronic, potentially life-threatening blood disease. Pegcetacoplan is an investigational targeted C3 therapy for PNH that has not been approved by any regulatory authority for any use. A new drug application is under review by the FDA with a PDUFA date of May 14, 2021. This webinar will provide an overview of the PNH patient journey, unmet need in PNH, and the results of a Phase 3 clinical trial including the efficacy and safety of pegcetacoplan compared with eculizumab. This webinar is only offered to payers, formulary committees, or other similar entities responsible for the selection of drugs for coverage or reimbursement.
