

Quarterly Strategic Priorities Update

Since introducing AMCP's strategic priorities in the spring of 2021, AMCP and our members have worked to define how managed care pharmacy can effect positive change within each focus area and take action to advance this important work. So far, this includes developing and presenting events such as the Partnership Forums, AMCP 2022 (hosted in person), and the upcoming Health Summit on Health Disparities.

Access the Newly Expanded Drug Product Pipeline

AMCP and Apperture are proud to present an expanded and updated AMCP Drug Product Pipeline, providing insight into the products for tomorrow's formulary decision-making process. Designed to alleviate the workloads of pharmacy benefit managers and health care decision makers, the Pipeline aggregates data from government databases as well as other publicly available sources to provide a one-stop portal featuring the next generation of pharmaceuticals. Enter the portal today!

New Member Benefit! Interactive State Policy Map

AMCP recently launched an interactive state policy map as a new members-only benefit. With the ability to filter by state and issue area, you can now easily view state-level legislation that AMCP is tracking and monitoring. Never miss a new piece of legislation when AMCP's tracking software updates the state policy map daily. Locate the map on the "Find Legislation" page under the Policy & Advocacy dropdown menu.
