CORPORATE MEMBERSHIP

Your Connection to Managed Care Pharmacy

ACCESS | VISIBILITY | COST EFFECTIVENESS | DEMONSTRATED COMMITMENT

AMCP and its Corporate Members work together to advance managed care pharmacy and health care overall.

ACCESS

AMCP corporate membership is your connection to reach and build relationships with managed care decision makers and influencers who are looking for solutions like yours. Our members include almost 8,000 pharmacists, physicians, nurses and other professionals who touch the lives of more than 270 million people who have a pharmacy benefit. The online searchable membership directory is a great asset to grow your company's network.

VISIBILITY

AMCP recognizes corporate member support in many public ways including a corporate member roster on the AMCP website, listings in the online membership directory, *Journal of Managed Care & Specialty Pharmacy (JMCP)* advertising, and signage at every national live AMCP meeting and conference.

COST EFFECTIVENESS

We're all challenged to do more with less. AMCP Corporate Membership provides increased exposure combined with complimentary registrations, individual memberships for employees of your organization, webinar guest passes for nonmember employees, and substantial savings and discounts on AMCP services and products. The benefits you receive more than pay for your dues.

DEMONSTRATED COMMITMENT

We all share a commitment to quality patient care. AMCP and our corporate members are all dedicated to helping patients get the medications they need at a cost they can afford.
