Stay on the Leading Edge

In today's fast-changing health care environment, AMCP provides the tools and information you need to understand the issues and how they affect you and the patients you serve.

Journal of Managed Care + Specialty Pharmacy (JMCP)

Be the first to know about the latest research in managed care pharmacy. *JMCP* advances science, expertise, and evidence-based decision making to improve patient health through access to high-quality, cost-effective medications and other therapies. For more than 25 years, *JMCP* has provided readers with the results of scientific investigation and evaluation of the health and economic outcomes of pharmacy services and interventions. It is mailed to all active and associate members monthly and is always available at jmcp.org.

AMCP Daily Dose™

Every morning, members receive an email with curated news stories from credible outlets to keep them up-to-date on the latest news impacting managed care pharmacy. On Saturdays, AMCP sends a special COVID-19 Daily Dose™ with a round-up of the week's key news. The Daily Dose™ is the most popular AMCP member benefit. 

AMCP News & Views

Stay abreast of the latest AMCP news and information with this monthly e-newsletter. Get updates about AMCP's ongoing advocacy efforts, coalition involvement, and more! 

TIP

Check out our Resource Center on amcp.org. Browse by subject area and refine your search by publication, resource type, and much more!

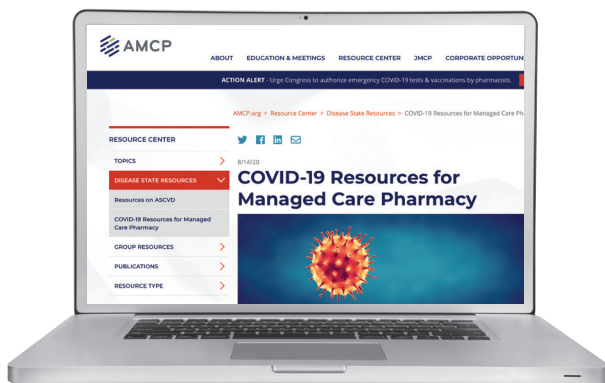

Stay on the Leading Edge *(cont'd from previous page)*

AMCP eDossier System

The AMCP eDossier System is a centralized, evidence-based product evaluation website that assists individuals with product assessment and utilization management in managed care and integrated care organizations. The system provides health care decision-makers (HCDM) with: (a) research from leading scientific resources; (b) insights from peers, health technology assessments (HTAs), and other authoritative reviews; and (c) tools to evaluate new products. Members who are involved in the formulary decision-making process have free access to this vital tool. [Visit formularydecisions.com](http://formularydecisions.com).

COVID-19 Resources

Not only is the COVID-19 pandemic quickly changing the health care landscape, it's also changing how managed care tools are applied. To help you stay informed, AMCP created COVID-19 Resources for Managed Care Pharmacy. This resource center is designed to aggregate timely information for AMCP members and stakeholders. A second resource available to members is the AMCP Daily Dose™: COVID-19 Weekly Edition. Every Saturday morning, members receive an email containing the latest news headlines about the most relevant pandemic news for managed care pharmacy professionals.

Disease State Resource Center

Get in-depth information and explore up-to-date resources about pressing disease states in our Disease State Resource Center. Resources include videos, *JMCP* and other peer-reviewed articles, and meeting proceedings. Disease states covered have included psoriasis, migraines, heart failure, kidney disease, and more. AMCP works with leading pharmaceutical companies to offer these timely resources at amcp.org/diseasestates.

Biologics & Biosimilars Collective Intelligence Consortium (BBCIC)

BBCIC generates reliable real-world evidence that examines the safety and effectiveness of biologics in order to improve public health. BBCIC is a non-profit, multi-stakeholder, collaborative, scientific public service initiative conducting rigorous post-marketing observational research to monitor biosimilar products and novel biologics for effectiveness and safety in a real-world setting. This research provides health

plans, prescribers, and patients with the evidence they need and the reassurance they want to make informed treatment and coverage decisions. Through a distributed research network, BBCIC leverages large sets of medical and pharmacy data from over 100 million patients.

[Learn more at bbcic.org](https://amcp.org/bbcic).

Partnership Forums

AMCP Partnership Forums bring together payers, pharmacies, integrated delivery system leaders, HEOR analysts, academics, providers, pharmaceutical manufacturers, and various other health care stakeholders to discuss key issues facing managed care pharmacy and collaboratively help shape the changing health care landscape. The events are invitation-only and are supported by our partners. Partnership Forum proceedings are published in *JMCP*, shared with members through recorded webinars, and posted to amcp.org/proceedings.

AMCP Advocates for You

As an AMCP member, you can count on AMCP to represent your professional interests when and where it matters the most. Through member involvement and ongoing efforts by AMCP's staff, you can be assured that your voice is heard by those who make policy decisions about managed care pharmacy both on the federal and state level.

AMCP Legislative & Regulatory Briefing Newsletter

Stay up-to-date on recent legislative and regulatory developments and actions that AMCP has taken on behalf of members in this monthly e-newsletter. Each edition includes links to letters and comments AMCP has sent to federal agencies and lawmakers outlining managed care pharmacy's stance on crucial issues. 

AMCP's Where We Stand Position Statements

This series represents AMCP's positions on a wide range of issues impacting managed care pharmacy. AMCP's position statements are regularly reviewed and updated by the AMCP Board of Directors. They are ideal as background information for legislators, regulators, and others needing information on managed care pharmacy.

"AMCP and members' advocacy work is crucial to shaping the future of managed care pharmacy. It's like playing the game versus being in the stands."

Billy West, MBP, PharmD
AMCP VALUED MEMBER SINCE 2000

AMCP's State Advocacy Leader Program

State policy has a significant impact on the practice of managed care pharmacy and patient care, and advocacy empowers AMCP members to share their expertise with policymakers to improve state legislation and regulations. This is a great way to get more involved with AMCP. **Learn more and apply at amcp.org/state-advocacy-leaders.** 

AMCP Action Alerts

Your voice is an integral part of AMCP's grassroots advocacy program. AMCP Action Alerts engage members to participate in letter-writing campaigns to federal and state officials. Sign up for alerts and you'll receive an email prompting you to take action when there is a critical issue in your area. Our system even helps populate key fields of the letter for you! Advocating for managed care pharmacy has never been easier! **Get started at amcp.org/advocacy.**

TIP

Access AMCP Legislative & Regulatory webinars by going to the amcp.org Resource Center and selecting the resource type "webinars." There you'll find webinars such as *AMCP 2021 Legislative & Regulatory Priority Issues and Strategies; Implications for Managed Care Pharmacy from the 2021 and 2022 Medicare Advantage and Part D Proposed Rule*, and more.

Corporate Opportunities

AMCP has many ways for your company to connect with AMCP and reach managed care professionals. Here are some highlights:

Corporate Membership

When you need to reach the decision-makers in managed care pharmacy, there is no better choice than AMCP. And there is no better start to that outreach than becoming an AMCP Corporate Member! Aside from demonstrating your commitment to managed care pharmacy, AMCP Corporate Membership gives you access to the top leaders and decision-makers in managed care pharmacy. AMCP recognizes and promotes our Corporate Members in numerous ways including print and web media and in-person events, giving you the visibility you desire.

Get started today at amcp.org/corporatemembership.

Corporate Training

AMCP corporate training programs provide life science companies with training on fundamental and advanced concepts influencing the delivery of value-based care. Topics are relevant for commercial, medical, or operational teams and individuals. Experts' foundational knowledge is supported by practical insights from payer and provider panels. E-learning, virtual, live, and custom programs are available. ***Learn more at amcp.org/corporate-training.***

Market Insights

By engaging with AMCP Market Insights programs, companies can leverage AMCP's network of opt-in health care decision-makers. Research opportunities include online surveys and virtual or live focus groups.

Our Market Insights Disease Summits are focused on top disease or therapeutic categories for payer members. During the 1-day virtual or live program, key opinion leaders and a payer panel discuss the disease, clinical management, and current and pipeline treatments, along with category management considerations. Summit findings are shared through the *Journal of Managed Care + Specialty Pharmacy* and an AMCP national webinar.

For more information on these and other corporate opportunities, go to amcp.org/corporate-opportunities.

MISSION

To improve patient health by ensuring access to high-quality, cost-effective medications and other therapies
