

CORPORATE MEMBERS:

Partner with AMCP to educate on hot topics

AMCP's Science & Innovation Webinars provide an opportunity for companies and organizations to increase awareness and visibility by presenting on topics or issues to a focused audience of managed care professionals. Webinars are conducted live. If the sponsoring company allows, the webinar recording is then posted to AMCP's Resource Center for additional exposure and serving as an additional tool for your Market Access team and others.

IMPORTANT PLANNING NOTES

- Limited slots available for 2021 so early booking is encouraged.
- Minimum lead time to launch: 3-4 weeks.
- Cost: \$17,500 per webinar.

AMCP RESPONSIBILITIES

- Host the webinar via its webinar platform (*currently GoToWebinar*).
- Work with the sponsor to address Q&A in a compliant manner.
- Include the webinar on AMCP's online Calendar of Events.
- Promote the webinar to its member and non-member list via email and AMCP newsletters.
- Provide a moderator to introduce the webinar and speakers.
- Offer minimal editing to the recording before sending to the sponsor for approval.
- Host the recording on AMCP's Resource Center for 2 years.

SPONSOR RESPONSIBILITIES

- Develop webinar content, which includes the webinar title and brief description.
- Secure speakers that will present during the webinar.
- Produce the content (PowerPoint slides) that will be presented during the webinar.
- Assist with editing the webinar recording if further editing is required.
- Provide approval of recording for posting to AMCP's Resource Center.
- Adhere to all relevant laws and regulations related to the sponsors' webinar content.
