PTCE invites you to a Live FREE Accredited Presentation

EDUCATIONAL OBJECTIVES
After completion of this activity, pharmacists will be able to:

• Explore risk stratification and patient- and disease-related factors that guide the treatment approach for patients with myelofibrosis (MF).

• Examine the JAK/STAT and other molecular pathways that contribute to disease progression and provide a target for treatment in the management of MF.

• Investigate the clinical data and recent updates for JAK inhibitors and pipeline targeted therapies for the management of MF.

• Illustrate best practices to facilitate appropriate use of new and emerging therapeutic options to improve outcomes in the treatment of MF.

ACCREDITATION STATEMENT
Pharmacy Times Continuing Education™ is accredited by the Accreditation Council for Pharmacy Education (ACPE) as a provider of continuing pharmacy education. This activity is approved for 1.0 contact hours (0.10 CEU) under the ACPE universal activity number 0290-0000-23-253-L01-P. The activity is available for CE credit through October 17, 2023.

This educational activity is supported by educational grants from Incyte Corporation and GSK.

FACULTY
Sila D. Shalhoub, PharmD, BCOP
Transplantation & Cellular Therapy Clinical Pharmacist
PGY-2 Oncology Residency Program Coordinator
Department of Pharmacy
Sylvester Comprehensive Cancer Center
University of Miami Health System

Sila D. Shalhoub, PharmD, BCOP, is a Transplantation & Cellular Therapy Clinical Pharmacist and PGY-2 Oncology Residency Program Coordinator at Sylvester Comprehensive Cancer Center, University of Miami Health System in Miami, Florida. Dr. Shalhoub received her Doctor of Pharmacy degree from the University of Kansas. She completed her PGY1 pharmacy residency at Baptist Memorial Hospital in Memphis, Tennessee and PGY2 in oncology at Mayo Clinic Hospital in Rochester, Minnesota. In her spare time, she enjoys exploring the outdoors with her dog Milou and watching sports (Rock Chalk & Go Chiefs!).
