

CMS Issues 2025 Participant List for the Part D Manufacturer Discount Program

- On April 4, 2024, the Centers for Medicare and Medicaid Services (CMS) issued a Health Plan Management System (HPMS) memoranda titled, “Medicare Part D Manufacturer Discount Program: 2025 Participant List; Identification of Specified Manufacturers and Specified Small Manufacturers” (Memo).
- The Medicare Part D Manufacturer Discount Program (Discount Program) is required by the Inflation Reduction Act (IRA).
- Part D coverage for applicable drugs is available only when the FDA-assigned labeler code is covered by a Discount Program agreement with CMS. Manufacturers were required to enter into a Discount Program agreement by March 1, 2024, in order to participate in the Discount Program in 2025. CMS and these manufacturers have executed these agreements and CMS has notified participating manufacturers about their status as a specified manufacturer or specified small manufacturer.
- CMS posted the list of participating labeler codes covered under a Discount Program agreement beginning January 1, 2025. Later this spring, CMS will provide additional information to help Part D sponsors identify specific National Drug Codes (NDC) for the drugs eligible for the phase-ins, so that Part D sponsors can accurately calculate applicable discounts.
- The Discount Program begins on January 1, 2025.
