

June 2025 | Quarter 2

Northwest AMCP

The official newsletter of
NW-AMCP

Message from Our President

Dear AMCP Northwest Members,

It has now been almost two months since I have resumed the role as president after a 7-year hiatus. Since 2016 and 2017 as the first NW president I have seen the tremendous growth and maturity of our chapter and am stepping into a significantly different role than when we were a fledgling chapter. I want to recognize the past presidents: Carly Rodrigues, Grant Knowles, Armen Katchatorian, Emily Tsiao, Kenneth Garcia, Erin Nowak and Cari Hall. They have all contributed, through their leadership, in making the chapter what it is today - THANK YOU! I am also very grateful to our board and our membership for such strong participation and involvement in planning and executing the many events we sponsor as the AMCP NW Chapter. Thank you again, and please reach out if you too want to get more involved.

We are coming off a very busy month of May where we hosted a very successful managed care day where we had almost 30 students in attendance. We also offered a virtual option that increased the availability to additional students. A big thank you to Yayoi Toyoda and KP WA for hosting, and Katie Lai assisting with the planning and providing a keynote session. Additionally, I would like to recognize Jenn Polzin and John Watkins for the recruiting visit to the UW, and Amos Fung (UW student president) for rallying students to attend.

We also hosted our inaugural Day of Education at the UW on Saturday May 17th with over 100 in attendance! We had local and national pharmacy and managed care leaders as presenters including Mitzi Wasik, Executive director AMCP foundation and SVP AMCP Practice Strategy and Innovation. Thank you to the planning committee and for Cari Hall being the driving force to pull this off in less than 9 months and provide the chapter a template for future DOE meetings. Thank you, Cari, for your leadership and excellent organization. Lastly, I want to express our gratitude for the number of corporate and health plan sponsors that helped support this excellent event.

We continue to have strong student participation and involvement in our chapter, but we are continuing to find ways to enhance this. Jenn Polzin is taking our mentorship program to a new level, and I encourage you to read her spotlight in this newsletter.

Continuing to look ahead we are planning a board retreat to have some concentrated time to strategize and plan for the coming year and where we can improve and/or keep things that are going well the same.

Lastly, I was unable to be with you all at NEXUS but am recovering well from my hip surgery. Since I was not in attendance for the official leadership change, I do want to specifically call out Cari and the incredible way she led the chapter this past year and the work she continues to do supporting myself and Jenn as we onboard. I also want to thank the current board for digging in so quickly and those that has cycled off the board for their significant service to the chapter. As always, we (the board) welcome your suggestions and participation so please reach out at any time.

Thank you!

Stuart - President, Northwest AMCP Chapter

Introducing 2025 - 2026 NW AMCP Board Members

Stuart O'Brochta, RPh
President

My Medical career spans 40 years in both managed care and industry but only at two companies.

I have 40 years' experience in health care with a wide range of experience as a clinical pharmacist, educator, evidenced medicine trained preceptor, managed health care and now industry as a Medical Value and Evidence Liaison.

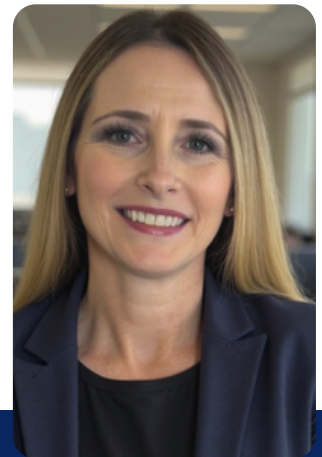

I started my educational career at Washington State and completed my pharmacy training at the University of Washington, so I have a taste of both parts of the state. I began my professional career at Group Health in Seattle in 1984 and grew through many roles there until coming to Gilead in early 2013. My territory as a managed care Medical Value and Evidenced Liaison is essentially the same footprint for the PNW AMCP chapter so feel I have a good understanding of the diversity and needs of our large chapter's geography. I hope to ensure all member voices are understood and considered as the board makes decisions.

I am a charter member of the chapter and served as the first president at that time. After my tenure on the board, I took a step back and have seen the subsequent board and leaders grow and mature our chapter, which is recognized on a national level. I promise to continue this trajectory and am honored to again serve as your president elect.

Dr. Jenn Polzin has been elected as the 2025 President-Elect of the Northwest Affiliate of the Academy of Managed Care Pharmacy (NW AMCP). With over 25 years of experience in managed care pharmacy, Dr. Jenn Polzin has consistently demonstrated a commitment to advancing patient care and optimizing health outcomes.

Dr. Jenn Polzin earned her Doctor of Pharmacy degree from USC, where she developed a strong passion for integrating clinical expertise with healthcare management. Throughout her career, she has held key roles at Kaiser SCAL, Gracelight FQHC, Premera Blue Cross, and now at Free Market Health, she continues to focus on championing health equity/affordable drug costs across Commercial, Medicaid, Individual, Self-funded and Medicare populations. An active member of AMCP since 2011, Dr. Jenn Polzin has contributed to various initiatives aimed at fostering the growth of managed care pharmacy in the Northwest region. As President-Elect, she will oversee, and lead activities related to the NW AMCP Mentorship Program and assist the President in communication with board members and the AMCP National Liaison.

Dr. Jenn Polzin is dedicated to promoting innovative, high-quality, and cost-effective health care solutions. She looks forward to collaborating with NW AMCP members to enhance the practice of managed care pharmacy and improve patient outcomes within the communities they serve.

Jennifer Polzin, PharmD
President-Elect

Cari Hall, PharmD
Immediate
Past-President

Cari Hall recently served as President of the NW Affiliate, having previously held the roles of Program & Education Coordinator and Social Chair. Currently, she is a Sr. Business Development Manager at Amazon Pharmacy, where she develops strategic opportunities and partnerships to drive growth and foster patient-centric initiatives for pharmaceutical manufacturers and prescribers. Before this, she worked as a Clinical Pharmacist in Clinical Strategies and completed a PGY-1 Managed Care Pharmacy Residency at Humana. Cari also co-chaired the Program Planning Committee for the OH-KY Affiliate. She holds a BS in Biochemistry and a PharmD from the University of Washington. Residing in the greater Seattle area, Cari enjoys hiking, traveling, and spending time with her husband, toddler, and newborn.

Introducing 2025 - 2026 NW AMCP Board Members

Tammi Ocumpaugh, PharmD
Communications Co-Chair

Tammi Ocumpaugh earned a Doctor of Pharmacy degree from Oregon State University College of Pharmacy, beginning her career in both rural hospital and retail pharmacy settings. She later transitioned into managed care, spending several years at PacificSource Health Plans, where she gained deep expertise in healthcare payer strategies. Recently, Tammi moved into a Managed Market Liaison role at Otsuka Pharmaceuticals, focusing on connecting clinical insights with payer decision-making across the evolving healthcare landscape.

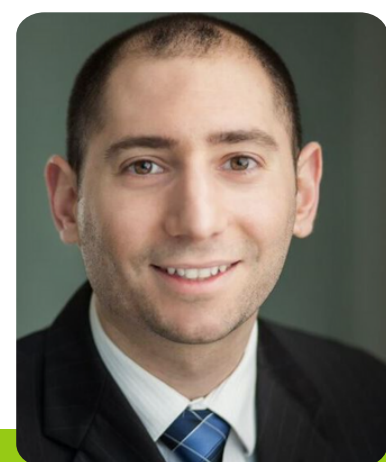

She currently resides in Bend, Oregon where she enjoys traveling and hiking with her corgi pup, Blazer.

Caitlyn Tung graduated from the University of Washington, Seattle in 2022 with a dual degree PharmD-MBA. After completing a residency at CapitalRx, she continued her tenure there as a clinical account manager to sharpen her skillset in clinical initiatives, relationship management, sales, and contracting. She is now a clinical pharmacist and sales account lead at Curative to focus on formulary management, trade relations and growth strategy.

Caitlyn currently resides in Sammamish WA, where she paddleboards frequently on Lake Sammamish with her husband and rescue dog.

Caitlyn Tung, PharmD
Communications Co-Chair

Adam Furman, PharmD
Student Affairs Chair (OR)

Adam graduated from Oregon State University in 2012 and joined Sanofi in October 2023 as a member of the Medical Value and Outcomes team. Immediately prior to joining Sanofi, Adam worked at Regence Blue Cross Blue Shield as the Pharmacy Clinical Program Director, helping to lead the organization's strategic and clinical initiatives related to specialty medications, gene therapies, biosimilars, and other transformative treatments. Aside from his experience in managed care and industry, his background also includes working as the Supervisor of Clinical Services at Ardon Health Specialty Pharmacy. He lives in Portland, OR.

Introducing 2025 - 2026 NW AMCP Board Members

Michael Lee, PharmD
Secretary

Michael Lee is the Senior Manager of Pharmacy Analytics at SmartLight Analytics, a healthcare payment integrity firm that partners with large self-funded employer groups to uncover unnecessary or wasteful spending—whether driven by coverage policies, plan design, or PBM contracting. He completed a PGY-1 Managed Care Pharmacy Residency at Kaiser Permanente Washington, gaining extensive experience in benefit design and clinical ambulatory care. Before joining SmartLight, he oversaw drug coverage strategy for a large health system's employee health plan, supporting over 40,000 members. Outside of work, Michael runs his own consulting company, Lee Rx Consulting, and enjoys traveling the world in search of new foods to try. He's excited to continue serving on the Northwest AMCP board for a fifth year, now as Secretary.

Vivien has over 20 years of experience in managed care pharmacy. She is currently the Director of Formulary and Contracting, responsible for managing the self-funded prescription benefits at Costco Health Solutions. Before joining CHS, she was the Director of Clinical Programs at Regence, overseeing the Pharmacy Stars, Quality, Cost Stewardship programs, and the Clinical Account Management teams. Prior to that, Vivien spent 18 years at Group Health Cooperative in WA. Her last position there was serving as the Manager of Clinical Operations where she was responsible for P&T, formulary, policy development, prior authorization operations and Medicare Stars performance.

Vivien completed her pharmacy residency at Group Health Cooperative. She received her Doctor of Pharmacy at University of Washington, and B.S. Pharmacy at University of Wisconsin-Madison.

Vivien Chan, PharmD
Education & Program
Development Chair

Lona Laughhunn, BS
Membership Engagement
Chair

Lona Laughhunn, Membership Engagement Chair on the Board of Directors for NW AMCP, is the Regional VP of Health Plan Partnerships at OncoHealth. With experience at Kyruus Health and UCSF Health, where she secured funding for and led a \$3 million Epic Optimization program, she is known for fostering trust, collaboration, and driving community-focused initiatives. Lona is a self-taught artist. Her creative journey is influenced by her Indian roots and spans diverse mediums ranging from painting to resin art, weaving, and printmaking. Each project is infused with vibrant color and intention. Being an artist is a core part of her identity and something she fuses into her professional life whenever she can.

Introducing 2025 - 2026 NW AMCP Board Members

**Matt Dickinson, PharmD,
MBA**
Treasurer

I am a Medical Outcomes Science Liaison (MOSL) at Alnylam Pharmaceuticals, a leading biotechnology company focused on RNA interference therapeutics. In addition to a Bachelor's degree in Chemistry/Biology from Gonzaga University, I have a PharmD and an MBA from Idaho State University, where I gained a strong foundation in both clinical and business aspects of healthcare.

In my current role, I engage in scientific exchange and build relationships with payers and healthcare systems, collecting and sharing insights and evidence gaps to advance data generation that is meaningful to key decision makers.

I am a Boise native and love spending my free time snowboarding, mountain biking, water skiing, and hanging out on the Payette Lake in McCall, Idaho with my incredible wife (my high school sweetheart) and our two young kids.

John created the formulary process at Premera Blue Cross and managed it for 22 years, responsible for HTA, formulary process development and oversight, and internal drug information support. In 2009, he led the creation of Premera's Value-Based Formulary, which included a cost-effectiveness component. He established Premera's ASHP-accredited PGY1 Managed Care Pharmacy Residency in 2017 and is Affiliate Professor of Pharmacy at the University of Washington (UW) and advisor to the student AMCP chapter.

John's general interests include applying health policy, HTA, evidence-based medicine, personalized medicine, economics, artificial intelligence, and bioethics to coverage decisions that support cost-effective and affordable drug therapy. Before managed care, he worked in acute and ambulatory care pharmacy, including seven years in Nepal. He has BS, PharmD, and MPH degrees from the UW and completed a hospital pharmacy residency at Group Health Cooperative of Puget Sound. John is board certified in pharmacotherapy. He has been a member of AMCP Format Executive Committee, ISPOR Board of Directors and HTA Roundtable, and the Blue Cross Blue Shield Association's Medical Advisory Panel. He currently works as an independent consultant specializing in value assessment of pharmaceutical products in development.

John is a recipient of AMCP's Steven G. Avey Award (2025) and Experiential Education Preceptor Award (2018) and the University of Washington School of Pharmacy Alumni Legends Award (2020).

John Watkins, PharmD
Education & Program
Development Chair

Eva Carlson, PharmD
Secretary-Elect

Eva Carlson, PharmD is a clinical pharmacist at Moda Health. She completed her undergraduate and PharmD coursework at the University of Minnesota before heading west to complete residency at Premera Blue Cross in Seattle. Eva's work experience includes time at Prime Therapeutics and UnitedHealthcare. She is also one of the three founders of RoundtableRx, Minnesota's medication repository program, which provided experience in policy, pharmacy practice advancement, and non-profit business needs. More recently, Eva has developed expertise in biosimilars, industry relations, and formulary management. She loves working with students and looks forward to supporting the Northwest's future managed care pharmacists.

Introducing 2025 - 2026 NW AMCP Board Members

Yayoi Toyoda is the Senior Manager of Pharmacy Operations, Clinical Utilization & Intelligence at Kaiser Permanente Washington, overseeing formulary and medication adherence teams. In her previous role as a formulary specialist, Yayoi managed Medicare Part D formulary while working closely with the Pharmacy Benefit Manager (PBM) and Kaiser Permanente National team, developed drug monographs and class reviews, and implemented clinical programs such as Part B step therapy. Yayoi is also the PGY1 Managed Care Pharmacy Residency Program Director. She is passionate about fostering the growth of future managed care pharmacists. Yayoi earned her PharmD from University of California, San Francisco and completed her PGY1 residency at Kaiser Permanente, Santa Rosa and PGY2 in Drug Information at Kaiser Permanente, Oakland.

Yayoi Toyoda, Pharm.D
Student Affairs Chair (WA)

YJ Shukla, PharmD
Treasurer-Elect

YJ is an experienced medical affairs professional with a background in pharmacy practice and pharmaceutical research. After serving the NW AMCP affiliate's board in the capacity of Secretary, YJ is now transitioning to the role of Treasurer-Elect for the year 2025-26. He currently serves as a Medical Science Liaison (MSL) on the GI-Immunology team for Takeda Pharmaceuticals USA.

Before graduating from the University of Mississippi PhD program, YJ received his pharmacy education from India. He worked as a research scientist in various capacities and then transitioned to pharmacy practice where he spent 15 years as a pharmacist, pharmacy manager, and Managed Care clinical pharmacist with a regional health plan before taking on his current role at Takeda. As MSL, YJ helps facilitate scientific education for the medical/scientific community and build robust partnerships for research - helping bridge the gap between evidence needs and clinical practice.

YJ lives in Portland OR with his family and spends his spare time playing cricket, enjoying outdoor activities and being a proud chauffeur for his kids to drive them to school and other activities.

Carly Alpert is a Clinical Pharmacist Lead at Humana. Her current role is in clinical program strategy and innovation with a focus on decreasing medical utilization. She is passionate about working with students and residents and serves as a mentor with the University of Houston College of Pharmacy and preceptor for Humana's residency program. She has been an AMCP member since 2017 and has participated in many NW AMCP events including serving as a judge in the local P&T competition and panelist for managed care day. She is a graduate of the University of Washington School of Pharmacy and completed Humana's PGY-1 managed care residency program.

Year Award

Past Events Highlights:

Recap: Spring Managed Care Day in Seattle

Managed Care Day 2025 was a hit! We had a great setup at Kaiser Permanente, lots of involvement from students and professionals alike. Twenty students joined us in person, plus two virtual attendees. Participants first heard from a panel of managed care pharmacists, including Hiten Patadia, Carolyn Rohrs, Andrew Gudac, Adam Furman, Jennifer Polzin, and Brandy Fouts. Students were very engaged from the beginning and asked great questions. After the panel, we moved on to the round table sessions, where professionals rotated among student tables for further discussion. As an incentive to continue participating in AMCP events, students were awarded complimentary AMCP memberships for the 2025-26 school year! The day wrapped up with a social event at a nearby brewery. Thank you to Kaiser Permanente for hosting, to our wonderful panel and professional volunteers, and to the students for coming in with an open mind!

Critics are raving! (Student feedback)

"I really got to expand my knowledge on the breadth of managed care while personally connecting and learning from pharmacists in the field."

"It was helpful to know that everyone has a different pathway and that you will always get to where you need to be."

Past Events Highlights:

Affiliate Meeting at AMCP Annual

The AMCP Annual 2025 conference, held March 31 to April 3 in Houston, TX, brought together thousands of managed care pharmacy professionals for an engaging week of education, networking, and innovation. Attendees explored key topics including the evolving pharmaceutical marketplace, the impact of GLP-1 therapies, and the growing role of AI in healthcare decision-making. took place on April 2, welcoming members from across Alaska, Hawaii, Idaho, Montana, Oregon, and Washington. This year's meeting featured a special presentation: our very own Northwest AMCP Affiliate "Wrapped", inspired by Spotify's year-in-review. We celebrated our 2024 highlights, including successful regional events, student and professional collaborations, and our collective impact on advancing managed care pharmacy in the Northwest. Lastly, we proudly recognized our 2025 Annual Award winners and Travel Grant recipients, whose contributions and engagement continue to strengthen our affiliate and the broader managed care community.

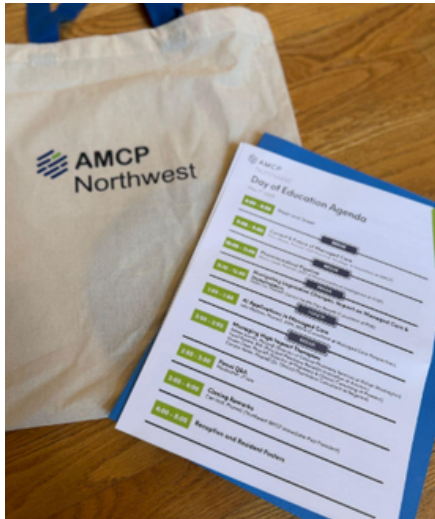

Thank you to everyone who joined us and helped make this a memorable event. We're excited for what's ahead in 2025!

Past Events Highlights:

INAUGURAL DAY OF EDUCATION

We're thrilled to share that our first-ever Northwest AMCP Day of Education, held this past weekend at the University of Washington campus in Seattle, was a tremendous success - and it's all thanks to you.

A heartfelt thank you to our outstanding speakers - Mitzi Wasik, Maria Lowe, Helen Liu, PharmD, John Watkins, Aimee Loucks, Yusuf Rashid, Carolyn Rohrs, PharmD, and Jennifer Wilson Norton - for sharing your insights and expertise. We're also incredibly grateful to our generous sponsors, the dedicated DOE planning committee (Cari Hall, Michelle Bice, Kenneth Garcia, Michael Lee, Erin Nowak, Mary Kemhus, Stuart O'Brochta), and our Affiliate Board and Advisors, whose hard work made this event possible.

To all of our Northwest Affiliate members who attended - thank you for your energy and engagement. We ended the day with a lively reception and meaningful conversations, and we're already excited to start planning next year's event!

Past Events Highlights:

SPRING NETWORKING SOCIAL

Mulleady's Irish Pub, Seattle, WA

Northwest AMCP members connected at Mulleady's Irish Pub in Seattle on March 12 for an evening of networking and refreshments. Members were able to mingle around the second floor of the pub, making new connections and catching up with friends. The event was well attended by a wide range of NW AMCP members - representing health plans, PBMs, and industry from WA, OR, CA and beyond! We appreciate everyone who attended and supported this event! Stay tuned for details on our next networking event in the Portland area, coming later this year.

“Collaborating to Improve Healthcare Decision Making for All: Expanding HEOR Horizons”

was the theme of ISPOR 2025, held May 13-16 in Montréal. ISPOR envisions a global collaborative effort using lessons from HEOR research to improve health care decisions and transform systems “by fostering cross-sector collaboration among researchers, clinicians, policymakers, and industry leaders,” to empower data-driven, patient-centered, and equitable decision making. Collaboration is essential in our increasingly complex healthcare system. ISPOR meetings bring together a wide array of stakeholders and researchers from around the world. “By making HEOR insights more accessible and actionable, the field can shape policies, optimize resource allocation, and advance value-based decision making,” ISPOR says.

The featured plenary session, “Drug Price Controls—What Are the Unintended Consequences to Innovation?” featured our own Sean Sullivan and other experts from academia, industry, and HEOR research from both sides of the Atlantic. The session was one day after President Trump’s “MFN” edict, and the panelists, still processing that information, opined on price controls in general, reference pricing, and the potential impact of its adoption by the U. S. Rather than relying on rigid price controls, options such as price transparency, outcomes-based pricing, and a structured U. S. HTA framework, as proposed by the Aspen institute.

Acknowledging that the U. S. bears the majority of drug R&D costs, the panel explored the complex relationships between pricing, access, affordability, and venture capital funding. They called on ISPOR members to up their game in publishing robust research, communicating the findings to policy makers, and advocating for balanced solutions that protect innovation and patient access.

The second plenary explored “Evolution of Evidence—Innovating for the Future of HTA” from a Canadian perspective, with experts from the French Canadian INESSS and Canada’s Drug Agency (formerly CADTH) presenting perspectives from Québec and Ontario. A patient representative and an academic researcher rounded out the panel, which explored patient perspectives, equity, environment, and ethics, and the transformation of HTA, internationally and through a Canadian lens, examining key topics such as RWD/RWE, implementing expanded definitions of value and taking a whole health approach to HTA. A third plenary addressed “Balancing Speed and Scientific Rigor—Patient-Centered Methodologies for Surrogate Endpoints in Accelerated Access,” a hot topic for managed care pharmacists.

The rapidly expanding role of artificial intelligence also featured prominently in sessions including “Using LLMs to Simplify Real-World Evidence Research,” “Transforming LLMs Into Reliable Research Tools,” “Driving Evidence-Based Medicine Forward With Generative AI (e engineering in HEOR research. Many posters involving AI were also presented.

Other important themes included IRA impacts, patient centric research, expanding the definition of value, and improving health equity and access. The meeting also introduced our own Beth Devine as incoming President Elect.

A digital conference pass for all sessions is now available here. If you’ve never been to an ISPOR meeting, it’s a great experience that will broaden your horizons and challenge you to think. The next meetings are November 2025 in Glasgow and May 2026 in Philadelphia. ISPOR also has many Webinars on a variety of topics that are free to members.

Student Travel Grant Winners for AMCP Annual

Northwest AMCP was able to support a record number of AMCP Annual student attendees this year! Thanks to generous contributions by Pete Fullerton and our incredible sponsors, seven students were awarded Travel Grants to the conference, including the P&T Competition finalist team from the University of Washington (UW). Here's a glimpse into what they had to say about their experience, from left to right in the below photo.

Jenna Wildeman (UW): "Being an AMCP eModel Ambassador was especially rewarding, as it gave me the chance to engage with others about a tool I'm passionate about."

Alexander Hatkoff (WSU): "I enjoyed the welcoming nature of the attendees and ample opportunities for meaningful conversations in the managed care space."

Howard Nguyen (UW, P&T Finalist): "We got to meet a lot of Managed Care Professionals and learn more about the profession throughout this conference."

Chloe Miranda (UW, P&T Finalist): "Thank you, Northwest AMCP, for allowing my team and me to travel to Houston, Texas, to compete in the 25th Annual P&T Competition. "

Michiko Hunter (UW, P&T Finalist): "At this year's AMCP Annual, I enjoyed meeting people from the Managed Care field and learning about their experiences, as well as participating in the P&T competition and defending our formulary decision in front of judges."

Kathryn Versteeg (UW, P&T Finalist): "AMCP also made my first ever pharmacy conference one to remember – it was amazing to connect with so many of you and I'm excited to see you all at future events!"

Hermela Gebregiorgis *not pictured* (UW): "The highlight was presenting my own poster on deprescribing strategies for anticholinergic medications in older adults."

Unlock Your Potential with our Mentorship Program!

Photo Courtesy of Shutterstock

Program goal: to provide guidance to student pharmacists and pharmacy residents on career development, collaboration with other professionals, and personal growth. This program is open to all students and residents currently enrolled in a pharmacy program, though, priority is given to students and residents enrolled in programs in the Northwest region.

What is Mentorship? Mentorship is a unique opportunity to connect with experienced peers who can guide you through your academic and career journey. Whether you're a P1 or pharmacy resident, having a mentor can make a world of difference in your managed care experience.

Why Sign Up?

- Gain insights from those who've been in your shoes
- Navigate academic choices and career pathways
- Build meaningful connections and lifelong friendships
- Discover your true potential and passion

Exciting Update: NW Mentor/Mentee Program Refresh

AMCP Northwest is updating its Mentor/Mentee Program this year to make it easier than ever to get involved. If you're interested in joining the new program, simply add your name and contact information to this [signup sheet](#)!

If you are actively mentoring one or more students already for 2025, please make sure we have you and your mentee noted in our Active Partnerships log (please reach out to Jennifer Polzin jennifer@freemarkethealth.com to confirm).

We're looking forward to connecting more people through meaningful mentorship! Thank you for the continued support of the program!!!

About Pfizer: Breakthroughs That Change Patients' Lives

At Pfizer, we apply science and our global resources to bring therapies to people that extend and significantly improve their lives. We strive to set the standard for quality, safety and value in the discovery, development and manufacture of health care products, including innovative medicines and vaccines.

Every day, Pfizer colleagues work across developed and emerging markets to advance wellness, prevention, treatments and cures that challenge the most feared diseases of our time. Consistent with our responsibility as one of the world's premier innovative biopharmaceutical companies, we collaborate with health care providers, governments and local communities to support and expand access to reliable, affordable health care around the world.

For 175 years, we have worked to make a difference for all who rely on us. We routinely post information that may be important to investors on our website at www.pfizer.com. In addition, to learn more, please visit us on www.pfizer.com and follow us on X at @Pfizer and @Pfizer_News, LinkedIn, YouTube and like us on Facebook at [Facebook.com/Pfizer](https://www.facebook.com/Pfizer).

Your Pfizer Team looks forward to getting to connect with each of you at an upcoming NW AMCP Affiliate Chapter events in 2025!

About Pfizer Oncology

At Pfizer Oncology, we are at the forefront of a new era in cancer care. Our industry-leading portfolio and extensive pipeline includes three core mechanisms of action to attack cancer from multiple angles, including small molecules, antibody-drug conjugates (ADCs), and bispecific antibodies, including other immune-oncology biologics.

We are focused on delivering transformative therapies in some of the world's most common cancers, including breast cancer, genitourinary cancer, hematology-oncology, and thoracic cancers, which includes lung cancer. Driven by science, we are committed to accelerating breakthroughs to help people with cancer live better and longer lives.

Breaking Barriers in Cancer Care Disparities - Change the Odds
Uniting to Improve Cancer Outcomes is an ACS initiative with sponsorship funding from Pfizer designed to bridge the gap in cancer care disparities. The initiative aims to improve health outcomes in underserved communities across the United States by enhancing awareness of and access to cancer screenings, clinical trial opportunities, and patient support and comprehensive navigation. Change the Odds will initially focus on breast and prostate cancer, with the potential to expand to additional cancer types. Cancer doesn't discriminate. And neither should cancer care. To learn more about Pfizer's Change the Odds initiative, please visit: [Pfizer supports the American Cancer Society | American Cancer Society](https://www.pfizer.com/cancer).
